How to enroll in a protection plan

Enrollment is simple and optional. Just purchase a new eligible device and add the plan to your cart. Once you've activated your wireless service and made your protection plan payment, your selected coverage begins. You don't have to enroll in a protection plan to purchase/finance a device or get wireless service. For your convenience, the monthly charge of your protection plan plus any applicable taxes will appear as an individual line item on your wireless bill. Coverage will be canceled for nonpayment. As your device depreciates, or if you buy a pre-owned or new device that's classified in another tier, your monthly cost and service fee/deductible for your new tier may be adjusted accordingly.

When you file a claim, you'll be presented with the repair or replacement options available to you, which may include service and technical support through an authorized repair center or an advanced exchange or replacement by mail.

If AppleCare Services is provided to you, this service is available during the first 24 months from the date you purchase the device from Visible and enroll in a Visible Protect plan, and as long as your plan coverage remains uninterrupted.

If your claim is approved for repair:

- You will receive an email with next steps to have your device repaired.
- The device will be repaired with reconditioned, rebuilt, or new parts of like kind and quality to the original device parts.

If your claim is approved for replacement:

- It'll be shipped via next-business-day delivery, when available, at no additional cost. Saturday delivery may be available for an additional fee.
